Welcome to our half-termly Church School Council newsletter!

We spent time focusing on the theme of 'Service' during Collective Worship this term, and how people can serve and support others. Here's where we've been seeing it throughout our classes in school...

In Holly class, Riley and Alexia have been helping out and tidying around the classroom whenever needed, whilst Will and Chloe have supported others in their Design Technology learning.

Mrs. Catchpole also deserves a special mention for helping out with the sewing project and supporting Holly's chances to flourish!

In Ash class, Hayden says that Faye has been serving and supporting others at breaktimes, whilst Jess says that Gabriele has also kept an extra eye out for everybody around school this term!

In Birch, Keo has been of service to those playing football at breaktimes and has congratulated people on their successes. Chloe says that Phoebe has been helping to serve those around her in Birch by giving assistance to others with the door when needed.

Mrs. Jones tells us that Arabella has been serving others in Oak class by writing notes and positive messages for others. This has helped to raise the spirits of those around her in class.

Have a lovely break!

"There's something inside you that the world needs."

Thank you for reading!
